UNITED STATES DEPARTMENT OF AGRICULTURE

SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

AUGUST 1938

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year (foreign, 60 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICES REGARDING MEAT INSPECTION**ANIMAL CASINGS OF FOREIGN ORIGIN**

Certificates required by B. A. I. Order 305 and instructions issued thereunder, which bear the official title of the high official of the foreign country as specified below, will be acceptable with animal casings offered for importation into the United States.

The certificates must also bear the signature of the high official of the national government having jurisdiction over the health of animals in the foreign country in which the casings originate, but owing to the fact that the high officials are changed from time to time it is impracticable to publish their names.

<i>Official Title</i>	<i>Foreign Country</i>
Minister of Economy	Paraguay

The notice in Service and Regulatory Announcements of October 1928 is hereby revoked so far as Paraguay is concerned.

MEATS FROM IRELAND AND AUSTRIA

Referring to the notice in Service and Regulatory Announcements of May 1938 quoting abstracts of Customs decisions of the Treasury Department dated February 7 and April 8, 1938, concerning the marking of articles from Ireland and Austria, there are quoted below additional Customs decisions concerning the marking of articles manufactured or produced in Ireland and the territory which formerly comprised the Republic of Austria.

Ireland

"Products of Ireland: Previous decision is extended to include the marking 'Eire' as well as 'Ireland' on merchandise from Ireland."

Austria

"Products of Austria: Merchandise manufactured or produced within the territory which comprised the Republic of Austria may be marked 'Made in Germany (Austria)' or 'Made in the Austrian State of Germany.'"

Inspectors in charge and other interested parties will please be governed accordingly.

OVERTIME ON HOLIDAYS

Reference is made to memoranda Nos. 288 and 489 of the Secretary of Agriculture dated August 4, 1919, and June 18, 1924, respectively, and instructions pertaining thereto, relative to overtime meat inspection furnished at establishments subject to the provisions of the Meat Inspection Act of June 30, 1906, as amended and extended, and the Horse Meat Act of July 24, 1919.

Under the provisions of these memoranda, hereafter meat inspection furnished on New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Armistice Day, and Christmas Day at estab-

lishments subject to the Meat Inspection Act of June 30, 1906, as amended and extended, and the Horse Meat Act of July 24, 1919, shall constitute overtime work by the employees of the Bureau required to conduct said inspection. Claim will be made by the Department of Agriculture for the cost of said overtime inspection in conformity with the regulations contained in memorandum No. 288. The foregoing instructions supersede Bureau Circular Letter No. 2105.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

Penalties and fines have been imposed in prosecutions for violations of regulatory laws, as reported to the Bureau, as follows:

Twenty-Eight-Hour Law

Atchison, Topeka & Santa Fe Railway Company, \$100 penalty.
Chicago, Burlington & Quincy Railroad Company (2 cases), \$250 penalties.
Southern Pacific Company (5 cases), \$500 penalties.
Union Pacific Railroad Company, \$100 penalty.

Livestock Quarantine Law

Atchison, Topeka & Santa Fe Railway Company, interstate transportation of cattle without certificate, \$100 fine.

Southern Pacific Company, interstate movement of infectious car without prior cleaning and disinfection under Bureau supervision (2 cases), \$200 fine.

Packers and Stockyards Act

The following fines have been assessed as the result of prosecutions for violations of title V of the Packers and Stockyards Act:

Majestic Live Poultry Co., Inc., fined \$50 August 1, 1938, unless license is secured within a period of 60 days.

Seewald & Fertig, fined \$50 August 1, 1938, unless license is secured within a period of 60 days.

Meat Inspection Act

For offering uninspected meat for interstate shipment, The Cudahy Packing Co., Brockton, Mass., \$40 fine.

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 891.—In re Metropolitan Poultry Feed Corporation, New York, N. Y. The original order in this proceeding, dated June 8, 1938, suspended respondent's license for a period of 30 days and directed respondent to cease and desist from charging prices for poultry feed which are greater or less than, or different from, the rates and charges specified in its tariff. On June 21 respondent filed a petition asking that the suspension of its license be stayed and that a plan be evolved which will enable it to operate and at the same time comply with the requirements of the act. Therefore, the effective date of the order was postponed for 60 days from June 23 in order to allow time for thorough consideration of respondent's petition for a modification. Respondent submitted its tariff No. 2 to become

effective August 1, providing for specific rates covering the four classes of its business. Consideration has been given to the petition and the reasons advanced in support of its tariff. In view of the peculiar circumstances surrounding the operations of respondent's business, it is felt that that part of the order which provides for a suspension of respondent's license should be held in abeyance indefinitely. Therefore, on August 4, the order of June 8 was so modified.

Docket No. 949.—In re Kansas City Livestock Commission Co., Kansas City, Mo. The Secretary of Agriculture on September 15, 1937, issued an inquiry alleging that respondent had violated title III of the Packers and Stockyards Act in that it had engaged in an unjust or unfair practice in connection with the handling of livestock in commerce. A hearing was held on November 23. A copy of the examiner's report, including the tentative findings of fact, conclusions, and recommended order, was served on respondent, to which exceptions were filed. The exceptions were argued orally before the Secretary on April 26, 1938, by respondent's attorney. The evidence adduced at the hearing and the oral argument did not substantiate the allegations that respondent had engaged in an unjust practice in violation of section 307 or an unfair practice in violation of section 312 of the act. Therefore, on August 11 the case was dismissed.

Docket No. 976.—In re E. R. Longenecker, Manilla, Iowa, v. M. Richter Sons, Inc., Chicago, Ill. E. R. Longenecker filed a petition with the Secretary of Agriculture alleging that respondent refused, without legal cause, to accept a truck load of live poultry which it had purchased from him on August 26, 1937. A copy of this petition was served on respondent, but respondent failed to satisfy the complaint within the time specified. The Secretary of Agriculture on November 6 issued an inquiry and notice of hearing under title V of the Packers and Stockyards Act, alleging in substance that respondent had engaged in and used an unfair and unjustly discriminatory and deceptive practice and device in the buying and handling of live poultry in interstate commerce. A hearing was held on November 16. A copy of the examiner's report of the proceedings, including tentative findings of fact, conclusions, and recommended order, was served on respondent. The attorney for respondent filed exceptions to the examiner's report. As the evidence adduced at the hearing did not sustain the allegations of the complainant the case was dismissed on August 2, 1938.

Docket No. 981.—In re Sig Ellingson & Co., South St. Paul, Minn. The Secretary of Agriculture on November 13, 1937, issued an inquiry alleging that respondent had violated title III of the Packers and Stockyards Act in that it had used an unjust or unfair practice in connection with the receiving, selling, and accounting for 21 steers. A hearing was held on November 26. Oral argument was had before the Assistant Secretary. The evidence adduced at the hearing and oral argument does not show that respondent engaged in an unjust or unfair practice in violation of the act. Therefore, on August 2, 1938, the case was dismissed.

Docket No. 1041.—In re Fred M. Gammon and Mary E. Gammon, partners, trading as Farmers and Shippers Live Stock Commission Co., and R. A. Arnold, Springfield, Mo. The Acting Secretary of Agriculture on January 19, 1938, issued an inquiry and notice of hearing, alleging that respondents had conspired, combined, and agreed to engage in an unfair, unjustly discriminatory, and deceptive device in interstate commerce in the handling and sale of certain calves. A hearing was held on June 25 at which it developed that 126 calves were consigned to the Farmers and Shippers Live Stock Commission Co. by the Russell Center Commission Co., San Antonio, Tex., and 102 calves were consigned to it by Centers & Malone of the same place. The calves were purchased by R. A. Arnold, who had an agreement with H. P. Pumphrey, an employee of the commission company, that they would share equally any profit or loss that might accrue. Evidence was introduced showing that the calves were in very bad condition when received and that the arrangement was made in an effort to dispose of the calves before they became a total loss. Russell Center, the shipper, testified that he was satisfied with the sale and that he did not think either of the respondents would intentionally violate the act or the regulations. A copy of the examiner's report was served on the respondents but no exceptions were filed and oral argument was not requested. On August 31 the Acting Secretary issued an order providing that the respondents cease and desist from the unfair and deceptive practice and device of selling livestock under an agreement to divide the profits from the resale of such livestock, and further ordered the Farmers and Shippers Live Stock Commission Co. to cease and desist from reporting to a shipper that his livestock was sold to anyone other than the actual purchaser thereof.

Docket No. 1059.—In re National Poultry & Egg Co. v. Pleasant Valley Poultry Farms, Chicago, Ill. Complainant filed an informal complaint seeking reparation in the amount of \$271.49 for live poultry sold to defendant on November 17, 1937. An informal answer was filed by defendant denying the allegations in the complaint. A hearing was held on February 9, 1938. A copy of the examiner's report was served on each of the parties, giving them 20 days in which to file exceptions, but no exceptions were filed. On August 2, 1938, defendant was ordered to pay complainant as reparation \$271.49, with interest at the rate of 6 percent per annum from November 17, 1937, until paid.

Docket No. 1090.—In re Security Produce Co., Inc., Chicago, Ill. The Acting Secretary of Agriculture on February 25, 1938, issued an inquiry alleging that respondent had violated title V of the Packers and Stockyards Act in that it had engaged in an unfair and deceptive practice and device in connection with the handling of poultry in commerce. J. F. Kisting of Clinton, Iowa, shipped a truck load of approximately 500 live chickens to respondent at Chicago. A light rain fell during the night and when the chickens arrived at market they were slightly wet. Respondent informed the shipper over the phone that the chickens which were not dead were dying and thereby induced him to accept 11 cents per pound for the chickens instead of the market value. On the same day respondent resold said chickens to a Chicago purchaser for 20 cents per pound. A hearing was held on April 26, 1938. A copy of the examiner's report was served on respondent, but no exceptions were filed. From the evidence adduced at the hearing, it was found that the conduct and statements of respondent were unfair and deceptive within the intent and meaning of title II and title III of the act, that the said Kisting suffered loss and was damaged thereby in the amount of \$59.92, which sum has not been paid or any part thereof. On August 11 respondent was ordered to pay J. F. Kisting the amount of \$59.92, with interest until paid, and that respondent, its officers, employees, and agents cease and desist from engaging in and using the unfair and deceptive practice and device of giving and transmitting to sellers of live poultry false or misleading information as to the condition of their poultry and the market value thereof.

Docket No. 1121.—In re Maddox & LeKites, Chincoteague, Va., v. Farmers Commission Co., Philadelphia, Pa. Complainants filed an informal complaint under title V of the Packers and Stockyards Act, seeking reparation on a truck load of chickens shipped from Chincoteague, Va., in December 1937 to defendant at Philadelphia, Pa. A copy of the informal complaint was served on defendant and an answer was filed denying the material allegations in the complaint. A hearing was held on May 23, 1938. A copy of the examiner's report was served on each of the parties but no exceptions were filed. From the evidence adduced complainants failed to establish that they are entitled to reparation in any amount, therefore, on August 4 the case was dismissed.

Docket No. 1141.—In re Ben Gershovitz, Chicago, Ill. The Secretary of Agriculture on June 10, 1938, issued an inquiry and notice of hearing, alleging that the respondent had violated title V of the Packers and Stockyards Act in that he was unable to fulfill the obligations that he incurred as a licensee. A hearing was held on June 20 at which Sam Rosenthal and Charles Gunderson testified that live poultry had been sold to the respondent by their respective companies and that there was a balance due which they had been unable to collect. It was developed further that respondent had gone to California. On August 31 the Acting Secretary of Agriculture issued an order revoking the license of Ben Gershovitz for flagrant and repeated violations of the act.

Poultry License Orders

Hearings have been held to allow applicants for licenses to buy, sell, and handle live poultry in commerce an opportunity to show cause why their applications, made under title V of the Packers and Stockyards Act, should not be denied. During the month of August orders were issued granting licenses to the following:

Docket No. 1118.—In re M. & M. Poultry Co., Brooklyn, N. Y.

Docket No. 1134.—In re Sanitary Kosher Meat Market, Chicago, Ill.

Orders were issued during the same month denying licenses to the following:

Docket No. 1123.—In re Watkins Live Poultry Co., Inc., Brooklyn, N. Y.

Docket No. 1135.—In re Isadore Sharkansky, Chicago, Ill.

Stockyards Posted

During the month of August 1938, the Greeneville Livestock Co. stockyards, Greeneville, Tenn., was posted as coming within the jurisdiction of the Secretary under the Packers and Stockyards Act.

COMMERCIAL RADIO BROADCASTS

The attention of all employees of the Bureau is called to the portion of Department regulation 1231 which reads as follows:

"No member of the Department shall in an official capacity take part in any commercially sponsored radio broadcast, save for such emergency purposes as quick issuance of warnings on weather conditions such as impending storms, frosts, etc., or on the need for the public attention to forest fire prevention."

Under date of August 20, 1938, the Office of Information of the Department asked that field employees of the Bureau be informed that the radio policy of the Department is unchanged. The warning is given as the National Broadcasting Co. has shortened by 15 minutes the National Farm and Home Hour, a public-service program in which the Department has cooperated for 10 years, and has sold the quarter hour for the presentation of a sponsored program of agricultural information.

It is possible that the men who conduct the advertising program will approach field employees and ask them to appear on these sponsored programs or to contribute information for them. If such a request is made of any employee he should indicate that Department employees are not permitted to appear on commercially sponsored programs or to supply information exclusively for such programs.

REGISTRATION OF HOME ADDRESSES WITH TELEGRAPH COMPANIES

Officials in charge of stations should register their home addresses with telegraph companies so that messages received after the office is closed may be delivered. This is important and the registration should be revised each time the office address or the home address of the official in charge is changed.

NEW PUBLICATIONS OF THE BUREAU

[The Bureau keeps no mailing list for sending publications to individual employees, but sends copies to officers in charge of stations and offices. These publications should be regarded as notification copies. So far as possible additional copies will be furnished on request.]
